Warehouse Toilet Refurbishment

A local company requested that we carry out their warehouse toilet refurbishment works. This project consisted of full refurbishment of the staff toilets and changing areas. The company based on the Eurolink Industrial Centre in Sittingbourne had an idea of what they were looking to achieve. This involved installing-decorative wall paneling, new toilet cubicles, paneled ducting and a new vanity unit. To complete the look new floor tiles were laid and a new suspended ceiling was fitted.

Works Carried Out Whilst the Warehouse was Operational

Thanks to careful planning and good communication, we were able to carry out the whole project whilst the warehouse was fully operational. This was done without any disruption to the factory or the staff.

Waller Building Services are now in the process of refurbishing two additional toilet blocks for the same company in other areas of the warehouse.

For more examples of commercial works carried out by Waller Building and Glazing Services please click on the following link-https://wallerservices.com/commercial-clients/

Commercial Building

Commercial building is a growth area for Waller Building. We work in the education and healthcare sectors. The retail sector is also an area of growth. This is due to many warehouse developments in the south east. We install toilet and kitchen areas. We also install commercial window and doors. For examples of our services, take a look at our commercial glazing case studies.

Waller Building

In the last 25 years, Waller Building has worked on many commercial projects. Our reputation is growing fast. The services provided range from refurbishment through to extensions and complete new builds. Additionally our glazing department repairs windows and glass. We also install uPVC and aluminium windows and doors. One of the major areas that we are continuing grow is window replacement in schools. Waller Associates is Fensa, Chas, Constructionline and safecontractor approved. We are also a Kent County Council approved contractor. We would also be happy to give you a price for any refurbishment works.
