New External Classrooms

We have recently completed major refurbishment works at Milton Court Primary Academy. Part of the scope of work was to replace an old, wooden mobile classroom with a new multifunctional building to suit the school's expansion needs. An important requirement was to include new external classrooms.

Multi Use Building

The school needed to be able to use the building for teaching lessons, holding meetings and staff training sessions. Another necessity was to provide a space for the school breakfast club. To meet the school's vision, Waller Building Services assisted with the design. During the early stages of the project we overcame foundation issues by working with a structural engineer and building control. The new building has been built to accommodate all of the requirements and includes two main multi use areas, a kitchen, pupil toilets and a disabled WC.

The building construction started during the half term holidays and continued into the normal school term. By working closely with the school we were able to keep disruption of the working school day to an absolute minimum. The school are now enjoying the new spaces.

For similar projects that we carry out in schools please click on the following link to the education section of our website-https://www.wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last eight years, Waller Associates has worked in over 150 schools. Our reputation in the education sector is growing fast. Waller Building and Glazing is Fensa, Chas, Constructionline and Safecontractor registered.- Additionally, all of our staff are DBS certified. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

The building services we provide include smaller refurbishments through to extensions and new builds. We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
