School Mobile Classroom Removal

Waller Building Services were asked to carry out this school mobile classroom removal project by a local grammar school. The two mobile classrooms had reached the end of their life and had become too unsafe to use. The project involved the isolation and removal of the mobile buildings along with the clearance of surrounding trees and shrubbery. Once the mobile buildings and shrubbery had been cleared, the area was graded to create a lovely outside feature which can be enjoyed by the pupils during the summer months.

For similar projects that we carry out in schools please click on the following link to the education section of our website-https://www.wallerservices.com/schools-education-clients/

Waller Building and Glazing Services

In the last eight years, Waller Associates has worked in over 150 schools. Our reputation in the education sector is growing fast. Waller Building and Glazing is Fensa, Chas, Constructionline and Safecontractor registered.- Additionally, all of our staff are DBS certified. This means that our staff are suitable to work in schools. Furthermore we would be happy to price any maintenance or refurbishment works for your school.

Building Services We Provide In Schools

The building services we provide include smaller refurbishments through to extensions and new builds. We cover all the building as well as glazing services that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to see projects we have recently completed.

Glazing Services We Provide In Schools

We carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.
