East Kent College Computer Rooms

East Kent College wanted to creat immersive rooms in six of their colleges. With the increase of I.T. the college reconised that bespoke learning spaces in all of their colleges would be a benefit. The colleges can communicate with each other via new technology within the new imersive rooms. In fact, a tutor can speak directly to students in remote classrooms via visual links.

The Refurbishment

We were asked to transform traditional classrooms into the new computer rooms which included complete refurbishment. One of the key factors was to board up windows to creat more flat space for screens. In addition it is not possible for sunlight to effect the screens with glare. New LED lighting and new flooring was installed to complete the look.

Each of the six colleges can now utilise the remote learning facilities in comfort and with complete ease.

Building Services We Provide In Schools

The building services we provide include smaller refurbishments through to extensions and new builds. The services we provide include anything that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to view projects that we have recently completed.

Glazing Services We Provide In Schools

In addition to building works, we also carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.

Contact Waller Building and Glazing Services

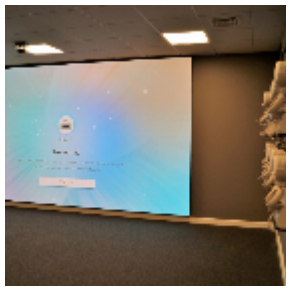

Based in Sittingbourne, Kent, we carry out works throughout the south east of England. If you would like a quotation on any size of building or glazing project please contact us. Telephone – 01795 424435. Additionally email mark@wallerservices.com
