Rochester School Toilet Refurbishment

We delivered this toilet refurbishment project at a school in Rochester during the Easter holidays. Working within a two-week programme, we stripped out the existing facilities and installed a complete set of new, modern replacements.

The original toilets had become dated and were no longer fit for purpose, with ongoing issues around cleanliness and odour. All existing fixtures and finishes—including sanitaryware, cubicles, washbasins, wall tiles and flooring—were removed, leaving a blank canvas ready for refurbishment.

The New Facilities

Following the strip-out, we installed new, brightly coloured toilet cubicles alongside rear duct panelling and modern sanitaryware. A new trough-style vanity unit was fitted to improve both functionality and ease of maintenance, and hygienic wall cladding was installed throughout.

Hygiene cladding offers several key benefits, including enhanced infection control, reduced maintenance requirements, long-term durability in high-traffic, moisture-prone environments—making it particularly well suited to school settings.

This project formed part of a wider programme of works to upgrade toilet facilities across the school. We are scheduled to return during the summer holidays to complete further refurbishments.

Building Services We Provide In Schools

The building services we provide include smaller refurbishments through to extensions and new builds. The services we provide include anything that a school would require. This includes, toilet and kitchen refurbishments. We also install fencing, flooring and carry out complete new builds. Check out our website case studies to view projects that we have recently completed.

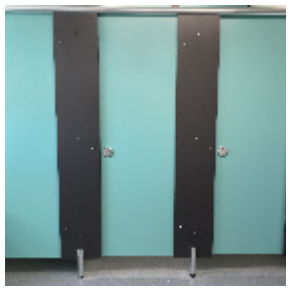

Glazing Services We Provide In Schools

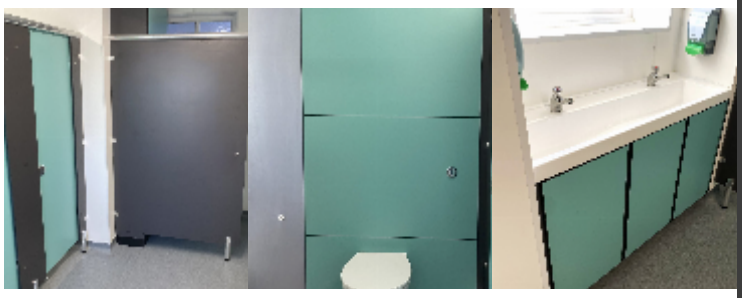

In addition to building works, we also carry out works from window and hinge repairs through to complete aluminium and uPVC window and door installations.

Contact Waller Building and Glazing Services

Based in Sittingbourne, we carry out works Kent as well as the south east of England. If you would like a quotation on any size of building or glazing project please contact us. Telephone – 01795 424435. Additionally email mark@wallerservices.com
