Three Luxury Flats

The existing property design was seven bedsits for student accommodation. The client requested we transform this into three luxury flats. Subsequently they would be placed on the rental market. Therefore the works included the alteration of structural partitions to suit the layout of the new flats. Part of the property is Grade Two listed. As a result, we had to be sympathetic internally and externally as the works had to be -to the requirements of the local planning authority in order to maintain the property's character. We installed high quality kitchens including luxury stone worktops. Additionally, sanitary ware and floor finishes meant that the client was satisfied that the new flats had good potential to be let quickly.

Waller Building Services

Established in 1993, Waller Building Services has been growing ever since. We regularly work in the residential and commercial sectors.
